## SKILLS

---

- **Programming Languages:** Python.
- **Web Tech and Frameworks:** HTML, CSS3, JavaScript, Bootstrap, Tailwind CSS, React.js, TypeScript.
- **Tools and Platforms:** MySQL, Git.
- **Version control:** Git, Github.
- **Currently learning:** MongoDB, Express.js, Node.js (MERN stack)\*

## EDUCATION

---

<b>Bachelor of Engineering (B.E.) – Computer Science and Engineering</b> MVJ College of Engineering, Bengaluru (Affiliated to VTU) Current CGPA: 8.35	<b>2022 – 2026*</b>
<b>Higher Secondary Schooling (+2)- PCM</b> Billawar Public School Percentage scored: 93.2%	<b>June 2022</b>

## PROJECTS

---

### Portfolio with Admin Portal - MERN STACK, JavaScript, API, Express.js

[Link](#)

- Developed a full-stack personal portfolio with an integrated admin portal using the MERN stack (MongoDB, Express, React, Node.js).
- Designed a dynamic and responsive frontend in React to showcase projects, while building a secure backend to manage content through an admin dashboard.
- Implemented CRUD operations, authentication, and role-based access, enabling easy updates to portfolio data without modifying code. Focused on clean UI/UX, scalability, and maintainability to deliver a professional and self-manageable portfolio platform.

### Personal Portfolio – Using React + TypeScript + Tailwind CSS

- Built a responsive portfolio website using React, TypeScript, and Tailwind CSS with modular sections (Hero, About, Skills, Projects, Contact, Footer).
- Showcased projects, skills, and contact form with clean, reusable components and a mobile-first design for optimal user experience.

### Responsive Educational Portal using Bootstrap

[view project](#)

- Developed a responsive Bootstrap-based educational portal UI, designed with sections for hero promotion, course offerings, instructor profiles, student testimonials, FAQs, and contact forms.

## CERTIFICATIONS

---

MERN Stack Web Development Course (in Progress)  
Udemy - Expected Completion: 1 month  
(Certificate to be awarded upon completion)
